**Căn cứ (In accordance with):**

- Quy định của pháp luật về công bố thông tin trên thị trường chứng khoán;  
The regulations of law regarding information disclosure in the securities market;
- Báo cáo tài chính hợp nhất Quý 1/2026 của Công ty Cổ phần Chứng khoán Rồng Việt;  
The consolidated financial statements for 1Q2026 of Viet Dragon Securities Corporation (VDSC);

**(English below)**

Công ty Cổ phần Chứng khoán Rồng Việt (Mã chứng khoán: VDS) xin giải trình với Quý Cơ quan về biến động Lợi nhuận sau thuế thu nhập doanh nghiệp (TNDN) trên Báo cáo kết quả kinh doanh hợp nhất Quý 1/2026 so với cùng kỳ năm 2025 như sau:

Đơn vị tính: VNĐ

STT	Chỉ tiêu	Quý 1/2026	Quý 1/2025
1	Lợi nhuận trước thuế	(36.035.069.699)	22.643.851.018
2	Chi phí thuế TNDN	(6.544.269.253)	3.631.508.762
3	<b>Lợi nhuận sau thuế TNDN</b>	<b>(29.490.800.446)</b>	<b>19.012.342.256</b>

**Nguyên nhân lợi nhuận sau thuế Quý 1 năm 2026 biến động trên 10% so với cùng kỳ năm 2025:**

Trong Quý 1/2026, thị trường chứng khoán chịu tác động tiêu cực từ cuộc xung đột tại Trung Đông và những diễn biến căng thẳng trên thị trường tiền tệ Việt Nam khiến VN-Index cuối quý đóng cửa ở mức 1.674,49 điểm, giảm 110 điểm so với thời điểm cuối năm 2025 (1.784,49 điểm). Do đó, dù doanh thu của các mảng kinh doanh chính đều có sự tăng trưởng tích cực nhưng hoạt động Đầu tư của Rồng Việt vẫn chưa hiện thực hóa được lợi nhuận trong kỳ, đồng thời phải tạm trích lập thêm một phần đáng kể chi phí từ đánh giá lại danh mục đầu tư, ảnh hưởng đến kết quả hoạt động chung. Cụ thể:

Rồng Việt ghi nhận tổng doanh thu Quý 1/2026 đạt 212,7 tỷ đồng, tăng 21,09% so với cùng kỳ năm 2025 (175,7 tỷ đồng), trong đó:

- Doanh thu từ hoạt động Kinh doanh môi giới chứng khoán đạt 54,6 tỷ đồng, tăng 60,47% so với cùng kỳ năm 2025 (34 tỷ đồng).
- Doanh thu từ hoạt động Cho vay đạt 118,4 tỷ đồng, tăng 28,94% so với cùng kỳ năm 2025 (91,8 tỷ đồng).

Trong kỳ, Rồng Việt tạm thời trích lập 33,1 tỷ đồng vào chi phí do đánh giá giảm danh mục đầu tư. Các khoản chi phí hoạt động khác và chi phí quản lý doanh nghiệp trong kỳ phát sinh phù hợp với doanh thu và tiến độ kế hoạch năm.

**Kết quả:**

Lợi nhuận sau thuế Quý 1/2026 của Rồng Việt ghi nhận âm 29,5 tỷ đồng, trong khi cùng kỳ năm 2025 ghi nhận lợi nhuận sau thuế là 19 tỷ đồng.

Trân trọng.

**(English)**

Viet Dragon Securities Corporation (Stock code: VDS) would like to provide an explanation to the esteemed authority regarding the fluctuations in Profit After Corporate Income Tax on the 1Q2026 consolidated income statement compared to the same period in 2025 as follows:

Unit: VND

No.	Items	1st Quarter 2026	1st Quarter 2025
1	Profit Before tax	(36,035,069,699)	22,643,851,018
2	Corporate Income Tax Expense	(6,544,269,253)	3,631,508,762
3	<b>Profit After tax</b>	<b>(29,490,800,446)</b>	<b>19,012,342,256</b>

**Reason for the fluctuation in Profit After Tax in 1st Quarter 2026 by more than 10% compared to the same period in 2025:**

In 1Q2026, the stock market was adversely impacted by the ongoing conflict in the Middle East and heightened tensions in Vietnam's monetary conditions, leading the VN-Index to close the quarter at 1,674.49 points, down 110 points compared to the end of 2025 (1,784.49 points). As a result, although revenue from major business segments recorded positive growth, VDSC's investment activities had yet to realize profits during the period and were required to temporarily recognize a significant additional expense arising from the revaluation of its investment portfolio, thereby affecting overall operating results. Specifically:

VDSC recorded total revenue of VND 212.7 billion in 1Q2026, up 21.09% compared to the same period in 2025 (VND 175.7 billion), of which:

- Revenue from Brokerage activities reached VND 54.6 billion, increased by 60.47% YoY (VND 34 billion).
- Revenue from Lending activities reached VND 118.4 billion, increased by 28.94% YoY (VND 91.8 billion).

During the period, VDSC temporarily recognized a provision of VND 33.1 billion as expenses due to the downward revaluation of its investment portfolio. Other operating expenses and corporate management expenses incurred during the period were consistent with revenue and the progress of the annual plan.

**Result:**

Profit after tax for 1Q2026 of VDSC was a negative VND 29.5 billion, compared to a profit of VND 19 billion in the same period of 2025.

Sincerely.

**Nơi nhận (Recipients):**

- Như trên (As above);
- Lưu (Archive): VT, P.TCKT.

**TỔNG GIÁM ĐỐC**

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**  
*as at 31 March 2026 and for the period then ended*

**1 CORPORATE INFORMATION**

Viet Dragon Securities Corporation ("the Company") is a shareholding company incorporated under the Law on Enterprises of Vietnam pursuant to Securities Trading License No. 32/UBCK-GPHDKD issued by the State Securities Commission on 21 December 2006. According to the 22nd change license dated 18 August 2025, adjusted to Business Registration Certificate No. 0304734965. The Establishment and Operation License has been adjusted many times and the most recent time is No. 92/GPĐC-UBCK, issued on 17 September 2025.

According to Decision No. 229/QĐ-SGDHCM dated 29 June 2017, the Company officially listed shares at the Ho Chi Minh Stock Exchange (HOSE) with stock code VDS.

The Company's head office is located on the 1st to the 8th floor, Viet Dragon Building, 141 Nguyen Du Street, Ben Thanh Ward, Ho Chi Minh City. As at 31 March 2026, the Company has six (06) branches located in Ha Noi, Nha Trang, Can Tho and Dong Nai and Ho Chi Minh City; (01) subsidiary is Viet Dragon Asset Management Corporation ("VDAM") and (01) Member Fund ("RVIF")

The Company's primary activities are to provide brokerage service, securities trading, finance and investment advisory service, underwriting for securities issues, securities custodian service and derivatives service.

**Capital**

According to the interim separate statement of financial position as at 31 March 2026, the Company's charter capital amounts to VND 2,720,000,000,000 while its owners' equity is 3,029,073,049,621 VND and its total assets are 7,868,505,982,599 VND.

**Investment objectives**

The Company's aims are to contribute to the development of the securities market and bring benefits to its customers, investors and shareholders.

**Investment restrictions**

The Company is required to comply with Article 28, Circular No. 121/2020/TT-BTC dated 31 December 2020 prescribing on operation of securities companies. The current applicable practices on investment restrictions are as follows:

- Securities company is not allowed to invest, contribute capital to invest in real-estate investment except for the purpose of use for head office, branches, and transaction offices directly serving professional business activities of the securities company.
- Securities company may invest in real-estate investment and fixed assets on the principle that the carrying value of the fixed assets and real-estate investment should not exceed fifty percent (50%) of the total value of assets of the securities company.
- Securities company is not allowed to use more than seventy percent (70%) of its owners' equity to invest in corporate bonds. Securities company, licensed to engage in self-trading activity, is allowed to trade listed bonds in accordance with relevant provision on trading Government bonds.
- Securities company must not by itself, or authorize another organization or individuals to: Invest in shares or contribute capital to companies that owned more than fifty percent (50%) of the charter capital of the securities company, except for purchasing of odd lots at the request of customers; Make joint investment with an affiliated person of five percent (5%) or more in the charter capital of another securities company; Invest more than twenty percent (20%) in the total currently circulating shares or fund certificates of a listing organization; Invest more than fifteen percent (15%) in the total currently circulating shares or fund certificates of an unlisted organization, this provision shall not apply to member fund, ETF fund or open-end fund certificates; Invest or contribute capital of more than ten percent (10%) in the total paid-up capital of a limited liability company or of a business project; Invest or contribute more than fifteen percent (15%) of its equity in a single organization or of a business project; Invest more than seventy percent (70%) of its total equity in shares, capital contribution and a business project, specifically invest more than twenty percent (20%) of its total equity in unlisted shares, capital contribution and a business project.

- Securities company was established, acquired a fund management company as a subsidiary. In this case, the securities company is not required to comply with the following provisions: Invest more than twenty percent (20%) of the total number of outstanding shares and fund certificates of a listed organization; Invest more than fifteen percent (15%) of the total number of outstanding shares and fund certificates of an unlisted organization, this provision does not apply to member fund certificates, exchange-traded funds and open-ended funds; Invest or contribute more than ten percent (10%) of the total capital contributed by a limited liability company or a business project.

## 2 BASIS OF PREPARATION

### 2.1. Applied accounting standards and system

The financial statements of the Company are prepared in Vietnam Dong ("VND") in accordance with Vietnamese Enterprise Accounting System, the accounting regulation and guidance applicable to securities companies as set out in Circular No. 210/2014/TT-BTC dated 30 December 2014, Circular No. 334/2016/TT-BTC dated 27 December 2016 of the Ministry of Finance amending, supplementing and replacing Appendices No. 02 and No. 04 of Circular No. 210/2014/TT-BTC and other Vietnamese Accounting Standards promulgated by the Ministry of Finance as per:

- + Decision No. 149/2001/QĐ-BTC dated 31 December 2001 on the Issuance and Promulgation of Four Vietnamese Standards on Accounting (Series 1);
- + Decision No. 165/2002/QĐ-BTC dated 31 December 2002 on the Issuance and Promulgation of Six Vietnamese Standards on Accounting (Series 2);
- + Decision No. 234/2003/QĐ-BTC dated 30 December 2003 on the Issuance and Promulgation of Six Vietnamese Standards on Accounting (Series 3);
- + Decision No. 12/2005/QĐ-BTC dated 15 February 2005 on the Issuance and Promulgation of Six Vietnamese Standards on Accounting (Series 4); and
- + Decision No. 100/2005/QĐ-BTC dated 28 December 2005 on the Issuance and Promulgation of Four Vietnamese Standards on Accounting (Series 5)

#### Basis for consolidation

The consolidated financial statements comprise the financial statements of the Company, its subsidiary and its fund for the year ended 31 March 2026

Subsidiary is fully consolidated from the date of acquisition, being the date on which the Company obtains control, and continued to be consolidated until the date that such control ceases.

Fund is consolidated from 01 Jan 2024, and continued to be consolidated until the date that such control ceases.

The financial statements of the Company, its subsidiary and its fund are prepared for the same reporting year, using consistent accounting policies.

All intra-company balances, income and expenses and unrealized gains or losses resulting from intra-company transactions are eliminated in full.

Non-controlling interests represent the portion of profit or loss and net assets of the subsidiary which are not held by the Company and are presented separately in the consolidated income statement and within equity in the consolidated balance sheet.

### 2.2. Registered accounting documentation system

The Group's registered accounting documentation system is the General Journal.

### 2.3. Fiscal year

The Group prepares its consolidated financial statements for the fiscal year starts on 1 January and ends on 31 December.

### 2.4. Financial statements

The Group prepares its consolidated financial statements for the six-month period from 1 January to 30 June and its quarterly financial statements for the three-month periods ended 31 March, 30 June, 30 September and 31 December each year.

### 2.5. Accounting currency

The consolidated financial statements are prepared in Vietnam dong ("VND"), which is the accounting currency of the Group.

## 3 STATEMENT ON THE COMPLIANCE WITH VIETNAMESE ACCOUNTING STANDARDS AND SYSTEMS

Management confirms that the Company has complied with the Vietnamese Accounting Standards, Vietnamese Enterprise Accounting System, accounting guidance applicable to securities companies and the statutory requirements relevant to the preparation and presentation of the consolidated financial statements.

Accordingly, the accompanying consolidated financial statements, including their utilization are not designed for those who are not informed about Vietnam's accounting principles, procedures and practices and furthermore are not intended to present the consolidated financial position, consolidated results of operations, consolidated cashflows and consolidated changes in owners' equity in accordance with accounting principles and practices generally accepted in countries other than Vietnam.

## 4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### 4.1. Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, cash at banks and short-term, highly liquid investments with an original maturity of three months or less that are readily convertible into known amounts of cash and that are subject to an insignificant risk of change in value.

Cash deposited by customers for securities trading and cash deposited by securities issuers are presented on the consolidated off-balance sheet.

#### 4.2. Financial assets at fair value through profit and loss (FVTPL)

Financial assets recognized at fair value through profit and loss are financial assets that satisfy either of the following conditions:

- a) It is classified as held for trading. A financial asset is classified as held for trading if:
- It is acquired or incurred principally for the purpose of selling or repurchasing it in the near term; or
  - There is evidence of a recent actual pattern of short-term profit-taking; or
  - It is a derivative (except derivative that is a financial guarantee contract or effective hedging instrument).
- b) Upon initial recognition, a financial asset is designated by the entity as at fair value through profit and loss as it meets one of the following criteria:
- The designation eliminates or significantly reduces the inconsistent treatment that would otherwise arise from measuring the asset or recognizing gains or losses on a different basis; or
  - The assets and liabilities are part of a group of financial assets which are managed and their performance evaluated on a fair value basis, in accordance with a documented risk management policy or investment strategy.

Financial assets at FVTPL are initially recognized at cost (acquisition cost of the assets excluding transaction cost arising from the purchase) and subsequently recognized at fair value.

Increase in the difference arising from revaluation of financial assets at FVTPL at fair value in comparison with the previous year is recognized into the consolidated income statement under "Gain from revaluation of financial assets at FVTPL". Decrease in the difference arising from revaluation of financial assets at FVTPL at fair value in comparison with the previous year is recognized into the consolidated income statement under "Loss from revaluation of financial assets at FVTPL".

Transaction costs relating to the purchase of the financial assets at FVTPL are recognized when incur as expenses in the consolidated income statement.

#### 4.3. Held-to-maturity investments (HTM)

Held-to-maturity investments are non-derivative financial assets with determinable payments and fixed maturity that a company has the positive intention and ability to hold to maturity other than:

- a) Those that the Company upon initial recognition designates as at fair value through profit or loss;
- b) Those that the Company designates as available for sale; and
- c) Those meet the definition of loans and receivables.

Held-to-maturity investments are recognized initially at cost (acquisition cost of the assets plus(+) transaction costs which are directly attributable to the investments such as brokerage fee, trading fee, issuance agency fee and banking transaction fee). After initial recognition, held-to-maturity financial investments are subsequently measured at amortized cost using the effective interest rate ("EIR") method.

Amortized cost of HTM financial investments is the amount at which the financial asset is measured at initial recognition minus (-) principal repayments, plus (+) or minus (-) the cumulative amortisation using the effective interest method of any difference between that: initial amount and the maturity amount, and minus any reduction for impairment or uncollectibility (if any).

The effective interest rate method is a method of calculating the cost allocation on interest income or interest expense in the period of financial assets or a group of HTM investments.

The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument or, when appropriate, a shorter period to the net carrying amount of the financial asset or financial liabilities

HTM investments are subject to an assessment of impairment at the separate financial statement date. Provision is made for an HTM investment when there is any objective evidence that the investment is unrecoverable or there is uncertainty of recoverability, resulting from one or more events that have occurred after the initial recognition of the investment and that event has an impact on the estimated future cash flows of the investment that can be reliably estimated. Evidence of impairment may include a drop in the fair value/market value of the debt, indications that the debtors or a group of debtors are experiencing significant financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganization and where observable data indicate that there is a measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults. When there is any evidence of impairment, provision for an HTM investment is determined as the negative difference between its fair value and amortized cost at the assessment date. Any increase/decrease in the balance of provision is recognized in the income statement under "Provision expense for diminution in value and impairment of financial assets and doubtful receivables and borrowing costs of loans".

#### 4.4. Loans

Loans are non-derivative financial assets with fixed or identifiable payments and not listed on the market, with the exceptions of:

- a) The amounts the Group intent to immediately sell or will sell in a near future which are classified as assets held for trading, and like those which, upon initial recognition, the entity categorized as such recognized at fair value through profit and loss;
- b) The amounts categorized by the Group as available for sale upon initial recognition; or
- c) The amounts whose holders cannot recover most of the initial investment value not due to credit quality impairment and which are categorized as available for sale.

Loans are recognized initially at cost. After initial recognition, loans are subsequently measured at amortized cost using the effective interest rate ("EIR").

Amortized cost of loans is the amount at which the financial asset is measured at initial recognition minus (-) principal repayments, plus (+) or minus (-) the cumulative amortization using the effective interest method of any difference between that initial amount and the maturity amount, and minus any reduction for impairment or uncollectible (if any).

Loans are subject to an assessment of impairment at the consolidated financial statement date. Provision is made for loan based on its estimated loss which is determined by the negative difference between the market value of securities used as collaterals for such loan and the loan balance. Any increase/decrease in the balance of provision is recognized in the consolidated income statement under "Provision expense for diminution in value and impairment of financial assets and doubtful debts and borrowing costs of loans".

#### 4.5. Available-for-sale financial assets (AFS)

Available-for-sale financial assets are those non-derivative financial assets that are designated as available for sale or are not classified as:

- a) Loans and receivables;
- b) Held-to-maturity investments; or
- c) Financial assets at fair value through profit and loss.

Available-for-sale financial assets are recognized initially at cost plus (+) transaction costs which are directly attributable to the purchase of the financial assets. After initial recognition, available-for-sale financial assets are subsequently measured at fair value.

Difference arising from the revaluation of AFS in comparison with previous year is recognized under "Income/(expense) from revaluation of AFS financial assets" in "Other comprehensive income after tax" which is a part of the consolidated income statement.

As at the consolidated financial statement date, the Group assessed whether there is any objective evidence that an AFS is impaired. Any increase/decrease in the balance of provision is recognized in the consolidated income statement under "Provision expenses for diminution in value and impairment of financial assets and doubtful debts and borrowing costs of loans".

- Where an equity instrument is classified as available-for-sale, evidence of impairment includes a significant or prolonged decline in the fair value of the investment below its original cost. "Significant" is to be evaluated against the original cost of the asset and "prolonged" indicates the period in which the fair value has been below its original cost. When any evidence of impairment exists, provision is determined as the difference between the AFS asset's cost and fair value at the assessment date.

- Where a debt instrument is classified as available-for-sale, the assessment of impairment is made when there is objective evidence that the amount of the loan is uncollectible or is uncertain. Investment results from one or more loss events occurring that adversely affect the expected future cash flows of the investments. Objective evidence of impairment may include the market value/fair value (if any) of the impairment debt, signs that the debtor or group of debtors is experiencing financial difficulties. Significant financial exposure, default or default in interest or principal payments, the possibility of the debtor becoming bankrupt or a financial restructuring, and observable data indicating a decline. It is possible to quantify expected future cash flows, such as changes in repayment, conditions, a financial position associated with the possibility of default. When there is evidence of impairment, provision is made based on the difference between the amortized amount and the fair value at the time of assessment.

#### 4.6. Fair value/market value of financial assets

Fair value/market value of the securities is determined as follows:

For securities listed on Hanoi Stock Exchange and Ho Chi Minh City Stock Exchange, their market prices are their closing prices on the latest trading day until the revaluated date;

For unlisted securities registered for trading on the Unlisted Public Company Market ("UPCom"), their market prices are the average reference prices in the last 30 consecutive trading days until the revaluated date;

For the delisted securities and suspended trading securities from the sixth day afterward, their actual stock prices are their closing prices at the delisted date;

For the unlisted securities and securities unregistered for trading on UPCOM, their actual stock price are the prices according to the judgment of the Company on the basis of comparing the book value and referring to the trading prices on the market;

For securities which do not have reference price from the above sources, the impairment is determined based on the financial performance and the book value of securities issuers as at the assessment date;

For the purpose of determining CIT taxable profit, the tax bases for financial assets are determined by cost minus (-) provision for diminution in value. Accordingly, market value of securities for provision purpose is determined in accordance with the Circular 48 and Circular 24 amending and supplementing Circular 48.

#### 4.7. Derecognition of financial assets

A financial asset (or, where applicable a part of a financial asset or part of a group of similar financial assets) is derecognized when:

- The rights to receive cash flows from the asset have expired; or
- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement; and either:

The Group has substantially transferred all the risks and rewards of the asset, or

The Group has substantially neither transferred nor retained all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, and has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the asset is recognized to the extent of the Group's continuing involvement in the asset. In that case, the Group also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

The continued participant in transferred assets in the form of guarantee will be recognized at lower value between the initial carrying value of the assets and the maximum amount that the Group is required to pay.

#### 4.8. Reclassification of financial assets

*Reclassification when selling financial assets other than FVTPL*

When selling financial assets other than FVTPL, securities companies are required to reclassify those financial assets to financial assets at FVTPL. The difference arising from the revaluation of financial assets AFS which recognized in "Gain/(loss) from revaluation of financial assets AFS" will be recognized as corresponding revenue or expenses at the date of reclassification of financial assets AFS for selling purpose.

*Reclassification due to change in purpose or ability to hold*

Securities companies are required to reclassify financial assets to their applicable categories if their purpose or ability to hold has changed, consequently:

- Non-derivative financial assets at FVTPL or financial assets that are not required to classify as financial asset at FVTPL at the initial recognition can be classified as loans and other receivables or as cash and cash equivalents if the requirements are met. The gains or losses arising from revaluation of financial assets at FVTPL prior to the reclassification are not allowed to be reversed.
- Due to changes in purposes or ability to hold, some HTM investments are required to be reclassified into AFS financial assets and to be reassessed at fair value. The difference arising from revaluation between carrying value and fair value are recognized under "Gain/loss from revaluation of assets at fair value" in Owners' equity.

#### 4.9. Long-term financial investments

Investments in equity of other entities

Investments in equity of other entities are recorded at fair value for listed securities, securities registered for trading on UpCom, or based on the separate financial statements of the capital-receiving organization at the time as preparing the Group's annual financial statements for unlisted securities.

In case the capital-receiving organization does not prepare financial statements at the same time as the Group's, the Group does not make provisions for this investment.

At the date of preparing consolidated financial statements, the Group also assesses whether there is objective evidence that long-term investments have been impaired. An increase or decrease in the provision balance is recorded in other comprehensive income/expense in the consolidated income statement.

**4.10. Receivables**

Receivables are initially recorded at cost and subsequently always presented at cost.

Receivables are subject to review for impairment based on their overdue status or estimated loss arising from undue debts of corporate debtors who have bankruptcy or are under liquidation; or of individual debtors who are missing, have fled, are prosecuted, detained or tried by law enforcement bodies, are serving sentences or are currently suffering from a fatal disease (certified by the hospital) or dead or the debt has been sued for debt collection by the enterprise but the case has been suspended. Increases or decreases to the provision balance are recorded as "Provision expenses for diminution in value and impairment of financial assets, doubtful debts and borrowing costs of loans" in the consolidated income statement.

The Company has made provision for doubtful receivables in accordance with Circular No. 48/2019/TT-BTC dated 8 August 2019 issued by the Ministry of Finance and Circular No. 24/2022/TT-BTC amendments to Circular No. 48. Accordingly, the provision rates for overdue receivables are as follows:

<u>Overdue period</u>	<u>Provision rate</u>
From over six (6) months to less than one (1) year	30%
From one (1) year to less than two (2) years	50%
From two (2) years to less than three (3) years	70%
From three (3) years and above	100%

**4.11. Tangible fixed assets**

*Tangible fixed assets are stated at cost less accumulated depreciation.*

The cost of a tangible fixed asset comprises of its purchase price and any directly attributable costs of bringing the tangible fixed asset to working condition for its intended use.

Expenditures for additions, improvements and renewals are added to the carrying amount of the assets and expenditures for maintenance and repairs are charged to the consolidated income statement as incurred.

When tangible fixed assets are sold or retired, any gain or loss resulting from their disposal (the difference between the net disposal proceeds and the carrying amount) is included in the consolidated income statement.

**4.12. Intangible fixed assets**

*Intangible fixed assets are stated at cost less accumulated amortization.*

The cost of an intangible fixed asset comprises of its purchase price and any directly attributable costs of preparing the intangible fixed asset for its intended use.

Expenditures for additions, improvements and renewals are added to the carrying amount of the assets and other expenditures are charged to the consolidated income statement as incurred.

When intangible fixed assets are sold or retired, any gain or loss resulting from their disposal (the difference between the net disposal proceeds and the carrying amount) is included in the consolidated income statement.

**4.13. Depreciation and amortization**

Depreciation and amortization of tangible fixed assets and intangible fixed assets are calculated on a straight-line basis over the estimated useful life of each asset as follows:

Means of transportation	6 years
Office equipment	3 - 8 years
Computer software	3 - 8 years
Trademark	5 years
Copyrights	3 - 5 years
Other intangible fixed assets	5 years

**4.14. Operating leases**

Rentals respective to operating leases are charged to the consolidated income statement on a straight-line basis over the term of the lease.

**4.15. Borrowings and non-convertible bonds issued**

Borrowings and non-convertible bonds issued by the Group are stated and presented at cost of the balance at the end of the accounting period.

#### 4.16. Prepaid expenses

Prepaid expenses, including short-term prepaid expenses and long-term prepaid expenses in the consolidated statement of financial position, are amortized over the year for which the amounts are paid or the year in which economic benefits are generated in relation to these expenses.

The following types of expenses are recorded as short-term and long-term prepaid expenses and are amortized over the year from one (1) year to three (3) years to the consolidated income statement:

- Office renovation expenses;
- Office tools and consumables;
- Office rental expenses; and
- Other prepaid expenses.

#### 4.17. Business combinations and goodwill

Business combinations are accounted for using the purchase method. The cost of a business combination is measured as the fair value of assets given, equity instruments issued and liabilities incurred or assumed at the date of exchange plus any costs directly attributable to the business combination. Identifiable assets and liabilities and contingent liabilities assumed in a business combination are measured initially at fair values at the date of business combination.

Goodwill acquired in a business combination is initially measured at cost being the excess of the cost the business combination over the acquiree's interest in the fair value of the net identifiable assets, liabilities and contingent liabilities. If the cost of a business combination is less than the fair value of the net assets of the subsidiary acquired, the difference is recognized directly in the consolidated statement of income. After initial recognition, goodwill is measured at cost less any accumulated amortization. Goodwill is amortized over the five (5) years period on a straight-line basis. The parent company conducts a periodical review for impairment of goodwill of investment in subsidiary. If there are indicators of impairment loss incurred is higher than the yearly cumulative amortization of goodwill, the higher amount will be recorded in the consolidated statement of income.

#### 4.18. Payables and accrued expenses

Payables and accrued expenses are recognized for amounts to be paid in the future for bond interest, goods and services received, whether or not billed to the Group.

#### 4.19. Employee benefits

##### *Post-employment benefits*

Post-employment benefits are paid to retired employees of the Group by the Social Insurance Agency, which belongs to the Ministry of Labor and Social Affairs. The Group is required to contribute to these post-employment benefits by paying social insurance premium to the Social Insurance Agency at the rate of 17.5% (from 1 July 2021 to 30 June 2022, at the rate of 17%) of an employee's basic salary, salary-related allowances and other supplements. Other than that, the Group has no further obligation relating to post-employment benefits.

##### *Severance allowance*

The Group has the obligation, under Article 46 of the Vietnam Labor Code No. 45/2019/QH14 taking effect on 1 January 2021, to pay allowance arising from voluntary resignation of employees, equal to one-half month's salary for each year of employment up to 31 December 2008 plus salary allowances (if any). From 1 January 2009, the average monthly salary used in this calculation is the average monthly salary of the latest six-month period up to the resignation date.

##### *Unemployment allowance*

According to prevailing regulations, the Group is required to pay the unemployment insurance at 1% of salary fund of employees who engage in the unemployment insurance program and to deduct 1% from each employer's basic salary to contribute to the Unemployment Insurance Fund.

#### 4.20. Foreign currency transactions

Transactions in currencies other than the Group's reporting currency of VND are recorded at the actual transaction exchange rates at transaction dates which are determined as follows:

- Transactions resulting in receivables are recorded at the buying exchange rates of the commercial banks designated for collection;
- Transactions resulting in liabilities are recorded at the selling exchange rates of the commercial banks designated for payment;
- Capital contributions are recorded at the buying exchange rates of the commercial banks designated for capital contribution; and

- Payments for assets or expenses without liabilities initially being recognised is recorded at the buying exchange rates of the commercial banks that process these payments.

At the end of the year, monetary balances denominated in foreign currencies are determined as follows:

- Monetary assets are translated at buying exchange rate of the commercial bank where the Group conduct transactions regularly; and
- Monetary liabilities are translated at selling exchange rate of the commercial bank where the Group conduct transactions regularly.
- Outstanding borrowings in foreign currency are translated at buying exchange rate of the commercial bank where the Group opened its account.

All foreign exchange differences incurred are taken to the consolidated income statement.

#### 4.21. Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. Revenue is measured at the fair value of receipts or receivables less trade discount, concessions and sales return. The following specific recognition criteria must also be met before revenue is recognized:

*Revenue from brokerage services.*

Where the contract outcome can be reliably measured, revenue is recognized by reference to the stage of completion. Where the contract outcome cannot be reliably measured, revenue is recognized only to the extent of the expenses recognized which are recoverable.

*Revenue from trading of securities*

Revenue from trading of securities is determined by the difference between the selling price and the weighted average cost of securities sold.

*Interest income*

Revenue is recognized on accrual basis (taking into account the effective yield on the asset) unless collectability is in doubt.

*Dividends*

Income is recognized when the Group's entitlement as an investor to receive the dividend is established, except for dividend received in shares in which only the number of shares is updated.

*Other income*

Revenues from irregular activities other than turnover-generating activities are recorded to other incomes as stipulated by VAS 14 - "Revenue and other income", including: Revenues from asset liquidation and sale; fines paid by customers for their contract breaches; collected insurance compensation; collected debt which had been written off and included in the preceding year expenses; payable debts which are now recorded as revenue increase as their owners no longer exist; collected tax amounts which now are reduced and reimbursed; and other revenues.

*Other revenues from rendering services*

Where the contract outcome can be reliably measured, revenue is recognised by reference to the stage of completion.

Where the contract outcome cannot be reliably measured, revenue is recognised only to the extent of the expenses recognised which are recoverable.

#### 4.22. Borrowing costs

Borrowing costs consist of interest and other costs that incurs in connection with the Group's borrowing of funds.

Borrowing costs are recorded as expense during the year in which they are incurred.

#### 4.23. Cost of securities sold

The Group applies moving weighted average method to calculate cost of proprietary securities sold.

#### 4.24. Corporate income tax

*Current income tax*

Current income tax assets and liabilities for the current and prior years are measured at the amount expected to be payable to/or recovered from the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted as at the report date.

Current income tax is charged or credited to the consolidated income statement, except when it relates to items recognized directly to equity, in which case the current income tax is also dealt with in equity.

Current income tax assets and liabilities are offset when there is a legally enforceable right for the Group to set off current tax assets against current tax liabilities and when the Group intends to settle its current tax assets and liabilities on a net basis.

*Deferred income tax*

Deferred income tax is provided using for temporary differences at the reporting date between the tax base of assets and liabilities and their carrying amount for consolidated financial reporting purposes.

Deferred tax liabilities are recognized for all taxable temporary differences, except where the deferred tax liability arises from the initial recognition of an asset or liability in a transaction which at the time of the transaction affects neither the accounting profit nor taxable profit or loss.

Deferred tax assets are recognized for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profits will be available against which deductible temporary differences, carry forward of unused tax credits and unused tax losses can be utilized, except where the deferred tax asset in respect of deductible temporary difference which arises from the initial recognition of an asset or liability which at the time of the related transaction, affects neither the accounting profit nor taxable profit or loss.

The carrying amount of deferred income tax assets is reviewed at each financial year end date and reduced to a certain extent that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be recovered. Previously unrecognized deferred income tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be recovered.

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the fiscal year when the asset realized or the liability is settled based on tax rates and tax laws that have been enacted at the reporting date. Deferred tax is recorded to the consolidated income statement, except when it relates to items recognized directly to equity, in which case the deferred tax is also dealt with in the equity. Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxable entity and the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

**4.25. Owners' equity**

*Contributed capital from shareholders*

Contributed capital from stock issuance is recorded in charter capital at par value.

*Undistributed profit*

Undistributed profit comprises of realized and unrealized undistributed profit.

Unrealized profit of the period is the difference between gain and loss arisen from revaluation of FVTPL financial assets or other financial assets through profit and loss in the interim consolidated income statement.

Realized profit during the period is the net difference between total revenue and income, and total expenses in the interim consolidated income statement of the Group, except for gain or loss arisen from revaluation of financial assets recognized in unrealized profit.

**4.26. Distribution of net profits**

Net profit after tax is available for appropriation to shareholders after being approved in the General Meeting of Shareholders and after making appropriation to reserve funds in accordance with the Company's Charter and Vietnam's regulatory requirements.

**4.27. Segment information**

A segment is a component determined separately by the Group which is engaged in providing products or related services (business segment) or providing products or services in a particular economic environment (geographical segment), that is subject to risks and returns that are different from those of other segments.

The Group's principal activities are mainly taking place throughout Vietnam. Therefore, the Group's risks and returns are not impacted by the locations where the Group is trading. As a result, the management is of the view that there is only one segment for geography and therefore the Group only presents the segmental information based on activities.

**4.28. Related parties**

Parties are considered related to the Group if one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions, or when the Group and the other party are subject to common control or significant influence. The above stakeholders can be companies or individuals, including close members of their families.

**4.29. Nil balances**

Items or balances required by Circular No. 210/2014/TT-BTC dated 30 December 2014, Circular No. 334/2016/TT-BTC dated 27 December 2016 issued by the Ministry of Finance that are not shown in these consolidated financial statements indicate nil balance.

## 14 DEPOSITS TO SETTLEMENT ASSISTANCE FUND

Advances to settlement assistance fund represent amounts deposited at Vietnam Securities Depository.

According Decision No. 105/QĐ-VSD dated 20 August 2021 regarding the regulations on management and usage of the Assistance Fund issued by the General Director of the Vietnam Securities Depository, the Company must deposit an initial amount of VND120 million at the Vietnam Securities Depository and pay an addition of 0.01% of the total amount of brokered securities in the previous year, but not over VND2.5 billion per annum. The maximum contribution of each custody member to the Settlement Assistance Fund is VND 20 billion for custody members who are the company having trading securities and brokerage activities.

	Ending balance	Beginning balance
	VND	VND
Initial payment	120,000,000	120,000,000
Addition payment	13,464,509,286	13,464,509,286
Interests	6,415,490,714	6,415,490,714
<b>Total</b>	<b>20,000,000,000</b>	<b>20,000,000,000</b>

Other non-current assets are the deposits in the Derivatives Trading Clearing Fund. According to the Policy on Management and Use of Derivatives Trading Clearing Fund issued in conjunction with Decision No. 97/QĐ-VSD dated 23 March 2017 by the Vietnam Securities Depository, the minimum amount of initial contribution applicable to direct clearing members is VND10 billion.

28 CORPORATE INCOME TAX

The Company has the obligations to pay the Corporate Income Tax ("CIT") at a rate of 20% of taxable profits.

The tax returns filed by the Company are subject to examination by the tax authorities. As the application of tax laws and regulations is susceptible to varying interpretations, the amounts reported in the separate financial statements could change later upon final determination by the tax authorities.

**32 Earnings per share**

Basic earnings per share amounts are calculated by dividing net profit or loss after tax for the period attributable to ordinary shareholders of the Group (after adjusting for the bonus and welfare fund) by the weighted average number of ordinary shares outstanding during the period.

Diluted earnings per share amounts are calculated by dividing the net profit or loss after tax attributable to ordinary shareholders of the Group (after adjusting for interest on the convertible preference shares) by the weighted average number of ordinary shares outstanding during the year plus the weighted average number of ordinary shares that would be issued on conversion of all the dilutive potential ordinary shares into ordinary shares.

The Group uses the following information to calculate basic (loss)/earnings per share and diluted (loss)/earnings per share

	Current year		Previous year
	Q1/2026	Accumulated	Accumulated (Restate)
	VND	VND	VND
Net profit/(loss) after tax attributable to ordinary shareholders (VND)	(28,526,203,886)	(28,526,203,886)	19,089,097,924
